

490/490P HYDRAULIC CUTTER

C u t t i n g - E d g e

S o l u t i o n

The 490/490P Hydraulic Cutter is built to last and guarantees both precision and speed in the critical cutting process. This quick and easy cutting solution is reliable for meeting deadlines and offers pinpoint cutting accuracy to avoid expensive reprints. With all the same great functions as the 490, the 490P comes with an easy-to-read digital display which guides you through all programming operations and cutting positions, allowing for job memory storage of up to 72 cut locations and 9 job selections. Cutting sequences are conveniently stored and recalled at the touch of a button. Whichever model fits into your budget, our quality-engineered cutters guarantee complete satisfaction cut after cut.

- **Hydraulic powered, rugged construction**
- **State-of-the-art technology for ultimate automation**
- **Stands up to rigorous workflow demands**
- **Standard light emitting & receiving safety sensors on front cutting table**
- **Solid cast-iron frame**
- **Special anti-friction surface aluminum alloy cutting table requires no polish or waxing and will not rust over cutter life**

490/490P Specifications

Maximum Cut Width	19.29" (490 mm)
Maximum Cut Height	3.14" (80 mm)
Power Requirements	220V single phase 50Hz AC 2HP
Weight	880 lbs. (400 kg)
Dimensions	40.16" x 45.28" x 53.55"
Features	<ul style="list-style-type: none">• Power back gauge• Manual back gauge line adjustment• Foot pedal activated, hydraulic soft clamp• Safety interlocked, illuminated cutting line• Blade stroke adjustment dial• Power-saving, automatic timer

Additional 490P Feature An easy-to-read digital display which guides you through programming operations and cutting positions and allows job memory storage of up to 72 cut locations and 9 job selections

Production rates are based on optimal operating conditions and may vary depending on stock and environmental conditions. As part of our continuous product improvement program, specifications are subject to change without notice.
