

# DocuCutter RC-7

## Round Corner Cutter

- Ideal for cutting round corners on covers, business cards, postcards, greeting cards, photos, and much more
- Can be operated either by foot pedal or manual hand operation with a flip of a switch
- Cuts up to a 2.75" stack
- Patented upper die design and micro-adjustable lower die allow for smooth and accurate cuts
- Accepts letter or legal-size documents
- Specially designed to cut through multiple sheets at a time with the least amount of effort
- Interchangeable die system allows for job versatility
- 2 interchangeable dies (optional)

Perfect for any large volume operation demanding high productivity, the heavy-duty RC-7 Round Corner Cutter easily handles up to a 2.75" stack per process and cuts round corners at a cycle speed of up to 46 cuts per minute. It features a detachable pressing bar, which helps secure documents for the cutting process and detaches for easy knife replacement. Engineered for simple operation, the RC-7 can be operated via a foot pedal or manual hand switch. The RC-7 also features a protective safety cover to keep fingers out of harm's way during operation. Use the RC-7 for cutting round corners on covers, business cards, postcards, greeting cards, photos, and much more!

Patented Upper Die Design allows for consistent, smooth and accurate cuts

Can be operated by foot pedal or manual hand operation with a flip of a switch

Protective Safety Cover, keeps your fingers safe and out of harm's way during use
